Use the boxes provided to check (√) the number of teams you are entering on each course. We assume there are two per team unless you put a number in the # column. Cubs and Webelos may go in larger groups. Each troop may have one team of three in a category to allow for odd numbers of boys on that course. Scouts or Scouters may go out alone assuming they have enough experience. *Orange and Brown course participants are assumed to have that experience and will go out alone.* We will assign start times. Please leave the yellow/grey areas blank.
